Click "Download Now" button and wait for the download to start. After the download has finished you can find your folder where you have saved it. The.RAR archive password is: G0WP1M.Q: How to integrate a condition for dropdown's validation? I have a dropdown, which is used to change a checkbox to another checkbox. HTML: Auto | -- Select -- string_1 string_2 Javascript: function change_or_or(obj) { var obj = document.getElementById(obj); if (obj.options[obj.selectedIndex].value == "string_2") { document.getElementById("if_checkbox").checked = false; document.getElementById("or_checkbox").checked = true; } else { document.getElementById("if_checkbox").checked = true; document.getElementById("or_checkbox").checked = false; } } The problem is, if checkbox is not selected, then option value will always be string_1. I tried to include if condition for options[0], it doesn't work. A: Something like this should work: function change_or_or(obj) { var obj = document.getElementById(570a42141b
