Nov 16, 2011 - We couldn't replicate the problem with saving games in our Digital Foundry analysis, but Dan Pearson of GLbiz - in 18 hours of play on the PS3 ... The PS3 is not a "toy" that can play any genre without any customization. It offers a number of settings that affect performance, graphics and even gameplay. So, for those who don't know, the PS3 will have three options in settings to improve the gaming environment. One is the "low settings," which are designed for those who don't want to waste most of their resources and just want to enjoy "high quality" graphics.
