1. Unrar. 2. Install the game. 3. Copy the Crack from Crack folder. 4. Start the game. 5. Play the game and enjoy it. How to Play: Select the game and press START. To play the game, you have to choose the character class, and the method of character creation. For all other functions, press the START button to activate the game. To create a new Character, the character will enter the training camp and after training the character will enter the main game. The character can level up their attacks and abilities. This can be done by selecting "Arts", then "Training Camp". On the animation screen you see a gold bar fill to fill. To give the character maximum level, you can use a special item called the "Magic Necklace", which is obtained by getting a certain number of stars in the game. After you have cast the spell, move to the "Magic Academy". The "Magic Academy" offers training in magic, with courses in various schools. In each course you learn a new spell. After each course you can obtain another level of the spell. To obtain a new level you can train yourself (1 level of a new spell) or you can collect the corresponding number of stars. You can also walk the animal kingdom, which includes the fields, the forest and the mountain. In this world you can make new items to improve your equipment. When you have found an enemy, you can defeat it by forming a party of heroes. The more heroes you have, the more points you get. With the points you can upgrade abilities of the heroes, giving them more strength or make them more powerful. When the party has become weaker, you need to create a stronger one. When the party is strong enough, you can start a battle against the foe. The enemies in the game include: Swordman, Valkyrie, Gwyllion, Valkyrie, Dragonman, Elf, Princess and Monster. What's New: 1. New Game 2. New World Map 3. New Class - The Wizard 4. New Ability - All Spells Have No Cooldowns 5. New Ability - String Magic 6. New Ability - New Magic Necklace 7. New Ability - Spell Reset Items 8. New Character Skin 9. New Heroes - New Healer, Thief, Valkyrie, Valkyrie and Dragonman 10. New Hero Weapons 11. New Enemy Weapons 12. New
