**Rise to the Elden Ring** - An adventure of □[Glorious□], the prime and epicenter of the Lands Between. If the Elden Ring was the heart of the Empire to the Elves, this is what it is to the Elves themselves. Here, the Winds of Divine Salvation blow, strong winds from the deepest darkness that lead the Elves to the great heavens.

Throughout each level, the Spirit of the Elden Ring and the wind are constantly beckoning for you to rise and join in the struggle to to become a Lord of the Elden Ring.

**Partake in the battlefield battle's of justice.** As a newcomer, you are not a participant in battle, but judge the outcome in a drama with the assistance of the Spirit of the Elden Ring and your companions.

**Gain powerful new allies** » Defeat crushing threats with hordes of thousands of co-optees. » Unite with elemental creatures of the dark to form powerful monsters.

**Build up the reputation of the Black Legion** » Make as many allies as possible by claiming lands.

**Demonstrate bravery and skill** » Ride a powerful steed, take back castles and attack opponents using various weapons. » Become an expert on the royal route by traveling around the lands.

**The Elden Ring Army** » "We are the Elden Ring, the torch of light. Lay claim to your destiny." The epic war of the Elves never took place in the Lands Between, and over the years, light has mixed with darkness to form the battle mentality of the Elden Ring. Armies made up of demon and natural monster have forged new tools and gained new elements in order to join in the battle. Additionally, high-level Elves called Elden Lords are called to unite the power of the Elden Ring and defeat the danger that threatens the free people.

**-Game Guardian: "This game is unlike anything I've experienced in a long time. The seamless connection between the various modes, and the amusing spirit of the story, truly make this a game that will not disappoint. There are so many fun factors that make it a game to enjoy, from the frantic, chaotic battles in the world, to the exploration of the expansive world, the battle between the protagonist and his enemies, and of course, the eventual evolution into a supreme Elden lord." -Shape of Games: "It's a game with a focus on polishing the details, and knows how to leave the player with both a lasting impression and a tingle of excitement. A refreshing work from an interesting team. I'd like to see more games like this." -3D APACHE blog: "The game's world is an intriguing location full of colorful scenes that grows more and more compelling as I approach it. The game tells a great story, and the characters are well-written. All of this was entertaining enough for me to play over and over again." -Sukuru: "This game is an absolute gem of a title! A work of fresh wit, a work of pure joy, Elden Ring Product Key is a title that you need to play immediately and one that will be appreciated for its deeper content." -GameBun: "Even if you have played this game before, you might have an entirely different experience the second time around. With its intriguing story, and not-so-small amount of depth, Elden Ring is a game that calls you back every time you play it." -JooJoo: "The design of the characters was also lovely, and I was really impressed with the localization. I like how there isn't any unnecessary language, and the English translation is incredible. The English localization is just perfect." -Neos: "While the game may be taking some cues from classic RPGs, it's still very enjoyable and worth your time. Elden Ring is well worth buying and is an enjoyable title for anyone, and it's a tale that I would definitely recommend to anyone interested in the field of games." -TheSixthAxis: "I'm having trouble saying how I feel about this game. I keep going back to it to find out what I bff6bb2d33**

**RISE. Tarnished. BE GUIDED BY GRACE.** The work of a talented and distinguished developer, Craft Ov Elden Ring is a fantasy action RPG with a touch of Elder Scroll elements. The fantasy world is a parallel world with parallel history that lies between our world and the World Beyond (Or, hereafter, the World Above). This world was created before the World Beyond was created, and lost its myths and heroes. The main character is born in this world, which has a medieval feel, and after meeting a peculiar and eccentric girl, they wander the Lands Between. • Action RPG with Elements of Elder Scroll (Original Setting) You are a young man born in a world that is halfway between our world and the World Above. The character thinks of the World Above as his homeland, but he is actually a master of magic born in a world in which the existence of magic was denied. Faced with danger in which the magic of the World Above is essential for survival, the character strives to become a powerful and useful magic user. • Explore a vast Open World, Tear Down dungeons, and Discover the Many Secrets of the World An open world with open sky that you can freely roam around with your crew. A variety of quests, monsters, and worlds is waiting for you to adventure. The dungeon is a home that you can enter with your crew, and you can tear it down to explore their every nook and cranny. You can also decide to accept a quest or to explore the world alone. • Action RPG (The "Sword Art Online" Series) Through Customization, Backstabs, Time Skip, and the ability to die from deaths that are not just rolling for survival, you can enjoy a thrilling turn-based action game. • Simplified Weapon Controls Moving around while using a weapon is easy. Simply press your attack button to have your character swing the weapon. • In-depth Action and Combat Elements There are times in which you need to handle the pain of a heavy blow with your body, and there are also times in which it is sufficient to catch the enemy off-guard and strike. Accordingly, action elements such as a press-and-hold attack command, backstabs, and transitions that last just long enough are added to the game. • Durable, Great Speed, and High Movement The characters have high maximum speed and evade easily, and the number of times you can use your character's special attack is

The Russian military used two types of weapons in the air and on the ground to fire at Ukrainian army positions, the head of the Russian General Staff said on Wednesday. The deployment of the newly developed Iskander missile systems along the border with Ukraine and of the Tor-M1 multiple rocket launcher systems began in November last year and lasted until spring this year, Defence Minister Sergei Shoigu said in a statement on Wednesday. Russia is being accused of sending troops into Ukraine to aid pro-Russian separatists, who are seeking to secede from the country, eastern areas of which became part of Russia following the annexation of Crimea from Ukraine in 2014. "The period during which this activity was conducted was long enough to prove their political, military and economic nature," Shoigu said, adding that the military had taken appropriate measures to protect Russian citizens and troops from possible danger. Shoigu noted that any move to intervene in Ukraine was "irresponsible" and violative of international law. In October, Shoigu said that Russia's military planned to use air strikes, and possibly use "deterrence-and-defense" tactics, against Ukrainian artillery positions. In a late November briefing, Shoigu warned that Russia would use "all means and methods" to protect its military interests in Ukraine. Russia has also deployed anti-aircraft systems and air defense systems along its Ukrainian border. In January, the Kremlin said that Russia's military had built up its forces along the border with Ukraine and was ready to protect its interests.Municipal Waste: Welcome to the Jungle Municipal Waste's most recent album, Welcome to the Jungle, is the group's most chaotic and explosive release yet. The densely chugging, cranked out, four-chord attack, has led to some comparisons to the loudest and most extreme style of death metal, but you won't find those sounds at the heart of this album. Some of the album's most unapologetic tunes feature the band at their most experimental, sounding like they could've been recorded in a cramped garage with just a few cheap instruments and tuned to hell. "I do soundtracks, which means you get to hear a lot of cool music during the day," singer Geoff Panzer says in a press release. "I had been jamming away on one of my older songs, "
