THE STORY OF THE ELDEN RING Eden's Fall: The story of the Elden Ring takes place thousands of years after the Elden Ring was destroyed. Approximately 10,000 years ago, a civil war broke out between the people of Eden and the viperous darkness it was cursed with. The destructive war caused a massive explosion and many of the Elden and the people of Eden were suffocated by the poisonous dust. However, the darkness did not die with them. For a long time, the peoples of Eden lived on in a state of perpetual war, neither able to grow their economy and maintain their civilization. And so the people of Eden cursed the Elden Ring that would bring the night back to their village. This curse destroyed the majority of the monsters in the Lands Between and made the dangerous monsters run to the top of the world. They could either let go of the one and only hope for a full rebuilding of Eden and its beautiful civilization and live an eternity of endless darkness, or they could let the goddess, who had come to help them as they had no one else, stay with them and continue to live their lives in the peace, freedom, and harmony that only a civilization can offer. The decision of the people of Eden was simple. They chose to live in peace and enjoy the good life. With its goddess safe inside, Eden flourished into a sparkling and bustling city, and its people began to call the vast Lands Between, "The Lands Between the Crystal and the Night." **EXPLORING THE LANDS BETWEEN CRYSTAL AND NIGHT** The Lands Between is a world full of mysterious and unspeakably beautiful landscapes with wide open plains, towering cliffs and breathtaking mountain ranges.
