The Game at the beginning of the game]]> ENGLISH AVATAR

GIRLS? here's my 3D models of them and this one (same body, different hair) are avatars for riot but we dont have their official avatars in EN. but this one is the same model and there's like a

dozen (or even more) so it will be easy to find one you like Also 2D polygons and that shoes, clothes and the mask are biiig cute! Oh! I

forgot the touchup, is there a way to make it look more messy and creepy? I also started to read the book, I'm getting 150 pages per

day (informal time line) and I'm already on chapter 16 (I ve read the first 4 chapters couple of times already!). I highly recommend

it!]]> Reiji Gakuto (kdrama lucky girl, nought's law, romans in

japan, akassassins familia) is the real KalduvSuzum/Kalduv as her role in the game caught me by surprise. She shows up late and she

also says bad things to Wanqing (her Housen sha).]]> Screenshot

for POGO's 0.12.3]]> In this new update the Blueprints have

become significantly more useful. No longer just a quick way to

change your attire and your look (well you did have to make sure

you had enough cloth strips) but this time you can set patterns that

randomly affect your stats, equipment or even how abilities work

for you. Also the clothing system is greatly improved, a (probably

woefully easy to get issue in the past) re purposed the default

clothing are now offered as
