"A game that'll make even the most hardcore J-RPG lover salivate." - Gamezebo "With a new combination of mechanics and fresh visuals, this is easily the most impressive Hollow Knight has to offer." - TouchArcade "A labor of love; impressively beautiful and meticulously designed; perfect in every way." - Nintendo World Report "This is both a hauntingly beautiful experience and a fascinatingly complicated one." - Destructoid "...it's one of the most beautifully crafted games I've played this year... It brings to mind John Carpenter's 1987 horror classic, The Thing, as well as the multiple found footage sub-genres made popular in the last few years." - Geek.com "This game is absolutely beautiful to look at and play." - The 500th "The idea is beyond amazing: You play a knight in the lands between both life and death, hell and heaven. You explore a world of dungeons where you can freely create your own path, and every single decision makes a difference." - PCGamer "Jazzpunk is the most beautiful, complicated JRPG I've ever played." - Levi Buchanan, PC Gamer "Beautifully crafted, with huge sprites and meticulous details; the beauty is so strong you forget you're controlling a soldier...The characters are also well-written, adding a human layer to the entirety of the game." - TAY "Some of the most fantastic artwork I've ever seen." - IGN "If you love retro games, you'll want to give this one a go. It's a fantastic, attention to detail, gorgeous masterpiece." -... "If there's one JRPG that you need to play this summer, it's this one." - iDigitalTimes "Jazzpunk is beautifully simple and intricate, a work of art in both its design and in its approach... It will satisfy fans of classic JRPGs as well as people looking for something new." - Polygon Buy the game from these stores: GameJolt Humble Bundle Twitch Amazon iTunes Google Play GOG SteamThe Cardinal Grill Bar at The Pines Hotel has been transformed into an Artisanal Bar for the month of December. What's new in Elden Ring:

● **Manual "Ringier"s High Skill.** This is an archetypical action RPG created specifically for site. The real skill is not in looking at a screen but forging a heart-pounding descent into the depths of self-development and struggle. ● **A Story of Struggle** Once a place between the severing of the Sword Coast and Ered Mithrin, the lands know no peace. A shining golden age and the dark fate of the world both hung in the balance. The great destiny awaiting a new Hero waiting to be called forth. ● **A Living, Action RPG** In your travels to the world you might find a foretold weapon, such as a magic branch. By using the power of this item, you can cast out a single spell with high power while the land is flooded by magic in just a second. ● **Relentless Improvements** With the models from older titles, we have been raising the quality up to be able to surpass the previous titles. **Finished Main Presentation "Bonds".**
